

ELECTROVALVES **GASOLINE**

The gasoline solenoid valve EBAT1001 is a solenoid valve 12V for gasoline, with brass body and connections for 6mm – 8mm pipe and with manual valve.

TECHNICAL DATA

Material	Hot forged brass CNC machined	
Weight	210 g	
Type of product	Petrol solenoid valve	
Working temperature	-20° C/+120°C	
Solenoid valve	Coil voltage	12 V DC
	Coil power	11 W
	Electrical connection	faston
Manual valve	Yes	
Petrol pipe connection with 6 mm – 8 mm pipe
